

Downtime for your commercial vehicles is more than an inconvenience—it's lost profit. That's why our commercial coverage and service get you back on the road fast.

**We know all you really want is to keep your vehicles on the road.**

All the services Safeco offers are designed around convenience and speed for you—not us. Our coverage is broad and yet it is very competitively priced.

**Our coverage really covers**

Your agent has all the specifics of the coverage but here are a few of the most popular features. Newly acquired or newly formed entities receive up to 180 days of automatic coverage for their commercial autos. We also offer full-coverage glass repair. And if one of your private passenger type vehicles is stolen we provide transportation expenses of \$50 per day up to \$1,500.

**Drive-in claims centers**

You have a tight schedule so we don't force you to fit into ours. Our drive-in claims service is fast and efficient and allows you to pick the time that works for you.

**How do I make a claim?**

At Safeco, there is no "weekend." We're here to assist you, 24 hours a day, 7 days a week. Just dial 1.800.332.3226.

**Please Note**

Coverage statements shown are simplified descriptions only. The full and exact contract is contained only in the policy.

**Our PACE program gets it done right**

By using our Premier Auto Claims Experience program (PACE) you can be sure that work done on your vehicle will be done right, and done fast. In fact, we'll guarantee the repairs for as long as you own the vehicle. You pick the time and we handle the paperwork so no money even needs to change hands.

**Special Total Loss Unit**

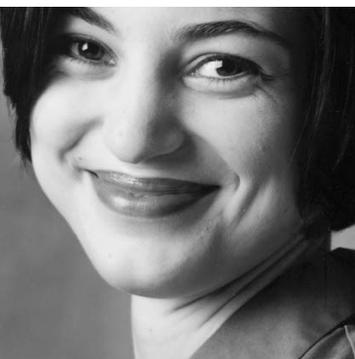

In case your vehicle suffers a total loss we have a special unit that will streamline your claim. They will help make this process as easy as possible—even moving titles to get you up and running.

**Rental Center**

Our Rental Center plays a key role in your profitability. They make sure that you have the rental vehicle you need and also monitor the repair shop to make sure your vehicle is back as soon as possible. And rental expenses for light trucks and private passenger vehicles are covered up to \$25 per day for up to 30 days.

**Centralized Salvage Unit**

Safeco streamlines and expedites this frustrating process. We will immediately take steps to purchase your vehicle and handle all the necessary titling paperwork.

*"My commercial customers really appreciate Safeco's drive-up claims service. It's just one of the ways we cut their downtime."*
